Dear Sir:

I believe that Don Nieman has already written and informed you that it is possible for us to feed you for the Yale basketball game. If we are to do this I would recommend that you order the line connected to our local loop. It would both make it eas ier to feed you and save you the expense of installing a local loop. The line number is RLLS 10209. Please inform us as soon as you have made final plans so that we may make the necessary provisions .

Sincerely,

Wm A. Lowrie Jr.
